Subject: [-SPAM-MED-] Community Council Meetings - Coronavirus Guidance

Dear Community Councils

As you will be aware the coronavirus situation is fast-moving and the Council have created a webpage for key information - <https://www.pkc.gov.uk/coronavirus>. Following the Prime Minister's announcement yesterday evening to minimise social contact etc, Perth & Kinross Council's advice to community councils would be that your scheduled meetings should be postponed until the official government advice on social contact changes.

We will endeavour to advise you when this happens, but please keep an eye on the news and the webpage provided above. Some community councils have asked about discussing business by email and given the current situation this would be acceptable, as long as approval of any decisions is discussed at their next full meeting.

If you do decide to postpone your meetings, please ensure you inform your local communities through appropriate channels, and consider providing contact details in case a resident has a significant issue to raise with you.

We expect to receive more specific advice for community groups from LARGS (Local Authority Resilience Group Scotland) later this week, and will pass this on when we receive it.

Kind regards

Christine Grant

Senior Elections and Community Council Officer
